About the Event

The Annual Transformations Luncheon is one of PAVE's most important events. The Transformations Luncheon is the best opportunity for PAVE supporters to impact the lives of young change makers in our community who are taking a stand against relationship violence. Join us as we honor courageous youth, hear their visions for a world without violence, learn more about PAVE and enjoy lunch. This year we are delighted to return the event to in-person while still offering strong online components for those not ready or able to attend in-person. All funds from the Luncheon benefit our programs to empower youth to end the cycle of relationship violence.

About PAVE

Founded in 1986, the mission of Project PAVE is to empower youth to end the cycle of relationship violence. To do this, PAVE provides therapy and family support services, violence prevention education, and youth leadership. Project PAVE annually reaches over 2,500 children, teens, parents, teachers and other professionals with its counseling and violence prevention programming in Denver-metro area schools and other community outlets.
